“ Cindy and I knew each other from kindergarten on to graduating high school. Before the pandemic we would meet for lunch once a week and catch up. We always laughed at each other. We both did some doozies! I knew her husband David since age 12. We had a band and enjoying our music. So with that said I knew the Young's for many years. I am sad at the death of Cindy. With love and god we will make it thru this difficult time. Cindy, may your soul rest in perfect peace!!

“ I met Cindy close to 20 years ago and we hit it off and have been really close ever since. She has been the best friend that I could ever ask for. She is a giver and has a big heart. I miss her so much. I miss our good morning messages and our crazy talks about everything under the sun. I love you Cindy
