“ Teddy was a great dad . I had the privilege to coach his son Peyton which is the most respectful kids I have ever had the privilege to meet. Teddy was always there cheering them on . The last memory I have of Teddy was in Dawson tournament when he came down and told the kids to keep hustling and he did this with the biggest smile in the world . Teddy you will be missed !

“ We are so very sorry for your loss. There are no words that can be said at these times to take the pain away, we just have to trust in our lord that he has a plan for us all.

Lean on one another and your network of friends in this time of need. Try to find peace in knowing that he is in a better place and free from pain and suffering.

We will keep you all in our thoughts and prayers. Take care and God bless.

“ Me and teddy have been best friends sense 1st grade ! There wasn't much we done without one another,I have to say I couldn't dream of a better childhood or spending all those years with anyone else! U name it we done it,I have spent countless nights laughing at the crazy shit we would,some of the funest times in my life where with him.I love him like a brother and always had his back right or wrong .friends like teddy only come once in a life time! It hurts me so,when I think of him being gone,something I won't never understand! Brother you will be missed and thank you for always being there,I have all way looked up to you,u where the hardest working man I knew. I love you teddy and will never forget the times we had. Rest in peace until we meet again old friend. PDH
