“ *For the friends and family you've left behind Albert, the world is a smaller place without you. I never got to tell you that you're my Hero. Your courage, veracity, humor, and success continue to be an example of how life should be lived. You always knew how to make others around you feel like equals though we all knew that we had been outclassed. You lived life hopped up on adrenaline and the admiration of those who were lucky enough to share in your life. We should all be so lucky. I will forever miss you. Love always, Kyle.*

“ *He will always be remembered as you share the stories and the memories of how he lived his life and how very much he meant, may you find comfort...And, throughout this difficult time, may you also know the deep sympathy and concern that is felt for you and all your family. I have fought the fine fight, I have run the course to the finish, I have observed the faith.-2Timothy 4:7. As for me, I will lie down that I may sleep; I shall certainly awake, for Jehovah himself keeps supporting me. -Psalms 3:5*

“ Albert was truly a man of principle. But beneath his hard exterior, he had a heart of gold. Fran and I will never forget how he extended himself to make our family feel welcomed when we moved to New Braunfels. He was a special person with a wide range of interests.

*Our deepest sympathies to the Aylor family in your loss.*

“ Alberto, mi amigo,  
How do you express in words the loss I feel right now? Honor, integrity and duty to country and friends pretty much says it all. This is how you led your life, one lived well!

“ Albert was one of those very unique guys who always had his hand out in friendship. Integrity, honor and respect for himself as well as others. He truly cared about people and if he was your friend, you were the lucky one. All of us who knew him are all the better for it. LT, my thoughts and prayers are with you and your family.

“ Many moons ago Albert came to Toronto on Knauf Fiber Glass business. He was every inch a real Texan, complete with a Stetson hat, boots, jeans and a big belt buckle. He showed me the proper way to place a Stetson; with the brim up. We toured around and at one point were in the Niagara Falls area where I took a picture of him on a major bridge with one foot in the U.S. and the other in Canada.

After Albert retired I went to visit him. What a perfect host. He showed me how to use a life vest to float in Canyon Lake by placing my legs through the arm openings and sitting in the vest. What a hoot!

A great guy, a hero, and someone I'm proud to have known.
