“ Mumsy, I know you have a concept of how much I will always miss you (until we are together again, God willing). Right now I am feeling a little bit numb at the concept of living my life now in a world without you somewhere in it.

The world grew ever so slightly dimmer when you left and now there is another little hole in my heart that will always ache to see your beautiful face once again.

In the meantime, I hope you and Bonnie are having a good laugh together!

I Love you, Mother!

Lydia

My dearest Mother, after Richard and Lydia left home it was just you and I we spent a lot of quality time together to which I am so thankful as you really got to know me as I was becoming an adult and I got to know you as a Mother and friend unlike when I was a child and you disciplining me (which I fully deserved). You were always there for me in my life in my darkest times and I can never forget that. While you are laughing with Bonnie call over Thomas and Matthew to join in. I will miss talking to you on the phone as I did ever year on my birthday and yours. Please try to not be too bossy with Saint Peter when you enter the Pearly Gates. With all the love in my heart which started with your heart 65 years ago. Your baby boy Mark
