“ Atlas was one of the most delightful friends and customers that I had. His stories, expressions and wit, always brought a smile to those around him. The world would be a better place if we had more people like him. He will surely be missed by all who knew him. Verleen, our prayers are with you.

“ In my 8 years working for my father at Dee's Place, I never met a more charismatic person than Atlas. He was always cheerful, and had a way of brightening up the room. I will never forget the many conversations, and history lessons that Atlas gave me. He was a steel trap of information, boasting stories of times when there was not electricity, or running water in parts of the county. He enlightened me with war stories from Europe, and the time that he spent in France. It was clear that he had a zest for life. I am thankful for the time that I was allowed to spend with him. Atlas was a great man, and I as well as everyone else appreciate the impact he had on the world.

Sincerely,

“ *Ellis studio-Pictures of my first son 37 years ago. Still have the pictures.*

God Bless to the family. My Mother still lives in Corsicana,I still visit often. My God comfort you at this time, I look at death of a time to celebrate all the wonderful things a person has done during their lives, just how many people Atlas Ellis has given great joy to by all the pictures they prepared for customers.

“ *I have such good memories of Atlas telling me many stories of the old days.*

My favorite story is the one about my dad, Jesse Bonner, who was an uncle to Atlas. He told me that in the mid 1920's Jesse owned a Harley Davidson motorcycle with a side car. Atlas would have been about 8 or 9 years of age, but he remembered riding in the side car and Jesse taking corners very fast causing the side car to rise. Our grandmother Emma Bonner would get very upset about these antics.

I enjoyed visiting him at his photo shop and at Dee's.

Our sympathy and love are extended to Verlene and the family.

“ I was very saddened today to learn of the passing of Atlas Ellis. I
knew Atlas from years of seeing him down at Dee's place. Over the
years we discussed many things. Atlas was one of the most
interesting people I have ever met. Atlas was to me almost
monolithic. He was as much a part of the fabric of Corsicana as the
courthouse or Collin Street Bakery. Atlas could remember when
they built the WPA roads and when they were excavating for the
First State Bank building downtown. It seemed that Atlas had been
around forever. I will always think fondly on Atlas. He was a humble,
hardworking, friendly man with a big name. But to those who knew
him, even Atlas wasn't too great a name for a man who possessed
such strength of character.
