“ *To my family,
I have a lot of great memories of Aunt Bob, too many to list. (lake, road trips, her & Willy playing cards, making me clothes, her voice). She has come to visit our home the last couple years, it was nice to see her and grandmommy spending time here. It reminded me of old times. I will miss her and I love her. She is with those she missed dearly now. We just have to wait our turn to see her again.

“ Grandmother you will be remembered always. Every time I see a Chinese checkerboard or a tennis ball on an antenna I will think of you. I remember all the times that Christi and I stayed at your house in Tool when we were kids, there was never a dull moment. You were like a grandmother to me too and I will always love you.

“ Oh my! There's so much I could say about Barbara Hamilton. She was precious. You would love her from day one. She loved everyone and I know I never heard one unkind word about anyone, although she might be mad or annoyed about someone, but she never said nothing. She also wanted to be where everybody else was. She wasn't going to miss a thing. She loved talking to everyone, whether it was conversation or advice. She give it in good taste. When my granddaughter was around her she would surround herself with a grandmother's love like she was her own grandchild. That was why everyone loved being around her. She treated everyone like they was family and that she loved them. That was very important! I am glad to rejoice with her. She is where she wanted to be for many reasons. I am also glad to be a part of it. I love you Barbara! Deb

“ I have so many memories of Aunt Bob, Aunt Willie & Aunt Pete at the farm in Winfield, KS. I am very blessed to have had these 3 women in my life, they taught me how to laugh out loud!

“ Sorry to hear of your loss. I'm sorry I couldn't make the funeral. My husband's grandfather passed away on the first and we had to go to Nebraska. I would like to get to know more of the Texas group. With the distance it will be hard.

“ i remember "grandma" well though i have not seen her in almost twenty years. she was always kind and treated me like one of the family. infact it was with her that i tried caviar for the first and only time. she had made a dish for work and let christi and i try it. at the age 16 i wasnt too crazy about fish eggs. i also remember her dog (i think he was a poodle). he looked as though he had better days but he didnt know that, he strutted around like he was still a pup. those were good days and i always smile when i think of babara. may she rest in the lords arms forever. love sheila.

“ Lynn, Christie and families,

We were saddened to hear of Barbara's passing. I am sorry that we were unable to be with you. Barbara was such a wonderful person, and one of Mom's dearest friends. I remember many times when all "the girls" from the hospital would get together, they would have such a good time visiting. The last time that we saw Barbara was at Mom's visitation in 2006, and I remember her sadness at the loss of her friend. We all now feel that sadness, but they must be rejoicing at seeing each other again in such a beautiful place. Our thoughts and prayers are with you all.

“ Auntie Bob, I have great comfort knowing that you are in the fathers hands with the rest of our family. I look forward to seeing you all again soon. I will pass my time here on earth with the great memories of years past. Playing Barbies (you even let Chris and I put water in the barbie pool), tomato soup and grilled cheese sandwiches, your little dog Shadow outside running up and down the clothes line, the fuzzy carpet that was always so warm from the space heater in your bathroom, watching old movies and eating popcorn, rice with butter and sugar for breakfast, and hearing all the stories from the times way before I was even thought of. I am so thankful that I got to spend a little time with you recently and my heart still swells with love when I think of how big you smiled and how tight you hugged me when I saw you last. The last thing we said was how much we loved each other and I know that you left knowing how truly loved and blessed that you are. Give Laura a big hug and kiss for me and tell her that I miss her so. I am sure she is overjoyed that she has you to love and keep her and John company now.
