“ *Words seem inadequate to express the sadness we feel.
We are thinking of you during this difficult time.*

“ *Grandma Larsen, there's not a single day that I go without thinking about you. I love and miss you soo much. I remeber the times my brother and I would stay the night with you, and sometimes a couple of nights, and play dominos, do word-searches, and try to put together 500-1,000 piece puzzles. I really regret not spending more time with you... Sometimes I look up in the sky at the clouds and wonder if your looking back down at me. There's so much more that I could say about how much im missing you but I know that's not going to get me anywhere. The only thing that can and will heal me is time and keeping in mind that your happy in heaven and I will see you again someday. I LOVE YOU GRANDMA!!*

*Love Always,
Jasmine.*

“ Mom, I still remember when Eric, Ole, and I used to be by the kitchen window looking out and waiting and watching to see your car coming down Emhouse Road when you were coming home from work. The hours seemed like days, but it had only been a few minutes since you gotten off work. You were the greatest mother anyone could ever ask for. I cherish the days, minutes, and hours i had with you.
