“ *I don't know where to start! We were destined to be BFF before we were even born. I will never forget the fun times we had with our parents. The night our Moms picked us up early from a birthday party & told us we were going for a ride. Ended up in Ennis! And Belinda & I never did understand why Tish always thought she was as old as we were. Little brat that she was at the time. Still love her though!*

I will forever miss that certain phone call on my birthday & anniversary. She never missed not one year. This year she had called me on Mother's Day, to tell me what a wonderful mother she thought I was. I will miss her forever. She was a wonderful friend & we will all be together again one day. Until then, keep an eye on us. Miss you Hass!!

“ It's been years since I saw or even thought of Belinda. I knew her in Jr. High and High School. We were acquaintances and I bet she may not have remembered me at all, but I'll never forget her kindness to me. I moved back to Corsicana in the 8th grade and didn't remember many people. I felt alone and out of step with the whole student body. And that's when I met Belinda. We had a class together. I can't even tell you what it was, all I remember is Belinda taking me in and making me feel like a valued part of the group. She treated me like a part of her family and helped my transition back to Corsicana easier. I lost track of her over the years, but I've often thought of her kindness to me. I wish I could have said "Thank You" to her myself, but I guess she knows how much I appreciated her now.

I pray you and your family are comforted by special memories of this sweet, caring lady. May God hold you all close and give you peace.

“ I once shared my life with Belinda and what what a life that was! We experienced the best of times and the worst of times. Even though life led us in different paths, we remained friends and a place in our hearts were reserved for each other, eternally.

Belinda, I will forever miss you. You were my friend and I am terribly saddened I will never have the chance to hear your words of wisdom again. I'm so happy you found your family, as I know what that meant to you. I love you, my friend...always.

“ I knew Belinda for 5 years and though her and i did not see eye to eye on everything. I considered her a friend. I asked her if she had asked Jesus into her heart and she said she did and she said she knew where she would be going when she died. She said she would appear to Courtney and let her know where she ended up is she went first. We all laughed and then she said no I better appear to you Judith or you won't believe Courtney. The day after I found out she died I had a dream. I dreamed she appeared to me and she said, Judith I am alright tell Courtney I will be OK and she doesn't have to worry.

*I also believe Belinda is alright with new legs and a new body and she is in Heaven running around and dancing with those new legs.
