“ *Bell will be missed. What a career he had at HL&P. 50 years + is amazing! When I first met him in 1978, the Payroll department used to get on him for not cashing his paychecks. He would stick them in his desk and leave them.*

*He was a great engineer and we all learned a lot from him. He really knew his power plants.*

*The last time I saw him was at a Houston Industries BBQ in Rosenberg. He was walking around that fairground pretty good at that time.*

*He had a great life!*
