“ You always knew how to make anyone laugh! You were like another little brother to me. In theatre class, band, and at lunch you were always by my side. You were always so goofy. I don't think I ever saw you mad, not even once!

“ *I'm so sorry for the loss. I used to work with Blake and took him under my wing while I was working for AT&T. He was such a great soul and always smiled, there is nothing more contagious than someone that always smiles. I know Blake loved to modify his cars and that's another interest we shared. I would love to buy Blakes car, so I could build it in his remembrance. This is still so hard to believe and understand.*

Deborah I've always thought losing my sons while they are still living was hard. You have all my sympathy in the passing of your son. My heart truly breaks for you and the rest of his family and friends. May God wrap his arms around this whole family as their son has been called home and may they remember the laughter and the times they've had. God please bless them, in Jesus name amen.
