“ I learned a lot from my Grandfather. Most of all I learned to never rely on anyone to do something you can do yourself. He didn't like asking for help. He was the only real man in my life and he ruled with an iron fist. He made us tough but we all knew he loved us. The last 13 years were the best. After his by-pass surgery he had a new lease on life and it revolved around his family, especially the great-grandkids. God forced my Grandfather to re-evaluate his life and that was exactly what he did. I can only hope the rest do the same.

“ Bobby Gene was a tremendous force for those who were fortunate enough to know him. As I knew Bobby he never turned down a request for help and never asked for any return. He could fix anything, especially a vehicle. And he Loved his family. The world will be a lesser place now that his journey here has passed. Rest in Peace Bobby Gene, when you get to your new place there will be something there that needs fixing and new people that need your Love.

“ Bobby was a great person who loved his family more than life itself. He was a simple man who did not need much to make him happy. He will be remembered for wearing his overalls and white T-shirt and let us not forget his cap. He went through so much here on Earth and it is a relief that he is now able to be well. He no longer has to struggle to get a breath. I know that he will continue to watch over his family, only from heaven. He will be greatly missed by us! We love you all and we will be there for anything that you need.

*Love You All,*

*Cecil, Samantha, Chad, Bobby, Chance, and Sierra*
