“ My heart is saddened to know you are no longer with us. All my life you’ve been there. So to know you’re gone hurts. One thing I’m thankful for are all the memories we’ve had together ...Just a few that come to mind...Swimming, Friday night football games, binge eating candy ,road trips, movie nights and singing Darius Rucker out in garage♥♥ Great times!!! Rest easy Paw. Until we meet again...Say hello to Grandma B. for me. Love, Haley

“ Bobby, Sorry to hear of your passing. Where do I begin? I have so many memories with You! You were My father-in-law but like another dad to me. I find myself remembering all the family holidays we all were together and remembering motorcycle trips to Dallas, Fort Worth, Austin, San Antonio, Corpus, Arkansas, Hawaii, with the Iron circle club. Me, you and Jason rooming together un separable and having a blast together. You losing your bag off your bike and dragging it for miles because you couldn't hear us honking or see us waving at you to get your attrition that it had fallen off. lol I so enjoyed your humor in things. Love how you could make me laugh. The time you saved my life in New Brownville lol 😊 ! I remember we had a love for spicy foods. I remember your love of my hot wings and my bloody mary's. I remember how you, me and Jason went to every football game and play offs. You always came to all our kids sport events and games. You helped couch peewee football for Preston! I think you for all these special memories! I loved you like a dad! We have missed you so very much. I will forever be glade and thankful to God that you were part of my life! I know you are now in a peaceful place with none of the worries you had! I love you always and, Sharon Chapman

“ There are way to many memories I don't even know where to begin Pa. Thinking of all the good times we spent watching movies, drinking Pepsi, eating candy, all those years we spent living with you and grandma b when we first moved to Waxahachie way back when. I think of the family beach trip where I got stung by a scorpion and you came running to the rescue to make it all better. All the motorcycle rides even just around the old neighborhood💔. The routine Friday night pick ups for all the football games. All the special holidays we got to spend together. The motorcycle/car shows with you, daddy and uncle earl. And seeing you up in the stands when I was playing softball in high school. I still have every kind of card y'all could have ever sent or given me growing up and I cherish them. Thank you for teaching me a lot of things growing up and for being a wonderful Pa. Hearing of your passing deeply saddens me. And I just want to say I love you endlessly.
