“ *I remember going to see Bobby when he lived in the duplex in Lancaster. He was always working on something and ready to cook some burgers. That was a long time ago and a much simpler place to be. I hope he is as happy now as he was back then.*

“ *Bobby will be missed. Prayers to his family. I will miss our very opinionated posts that we had on FB. Bobby would always be respectful and explain his views on things. We may not have always agreed on things , but we always ended with a smile, Here is a smile for my friend, Bobby :)*

“ Bobby was always willing and ready to help a friend. I am by no means a mechanic so Bobby help me rebuild the heads on my 79 El Camino in my mother's garage. The funny part of the story is we put headers on it too and they weren't connected to the mufflers when we fired it up. It was cold and the garage doors were closed. My sister's German shepherd almost broke her neck trying to get in the house.

“ *Bobby was a best friend to everyone that he met; because he truly treasured people. Bobby was a man who would do anything for anyone without hesitation or reservation and would ask nothing in return, a rare virtue in this day and time. He was my dear friend for many years and all of our lives are all less meaningful without him, may God grant him a peaceful rest and give his loved ones grace, comfort and strength as we say good bye to him one last time.*

“ *Been reminiscing today. Thinking I probably felt such a close connection to Bobby because he was only 13 and a half years older than me. I remember going to his high school graduation when I was a little girl. Was the first h.s. graduation I had ever attended. I remember being so in awe and perplexed by seeing them throw their caps up in the air after the ceremony. I remember asking Grandma Billie why they did that. And she told me they were celebrating their graduation.*
