“ *I have known Carla her entire life and we ate sisters. I will miss her laugh, her special craziness her home felt like my home. We'd have hair and make up days where we enjoyed each other's company lol she would have my hair in pig tails on top of my head to long elaborate funny all over the head dues. I will miss her I hadn't seen her in so long. But we talked allot. I am so sorry for your loss. I pray God in His mercy grant you the peace that passes understanding. There nothing I can say to help Momma Rosieb Dylan and Tiffany except I love and I'm praying for you and the babies.*
