“ I have known Carroll and the Morans ever since I was a kid. Carroll and Gail always asked how my racquetball career was going and were always so supportive to the whole community. “ Our deepest and heartfelt condolences to the Moran family and friends. Carroll touched the lives of so many people. Not only did he achieve so much, he was an inspiration to many, myself included. In the short time I knew Carroll, we had many conversations about life, family and world conditions. He gave and showed respect. He was a man of confidence and conviction. He adored the surrounding community of Corsicana, referring to the people as close family. He will be missed!

“ I am so sorry for the reason we are having to send these sentiments.

Our hearts, thoughts and our prayers are with you Gail, Holly, Marcy and family. God is our refuge and our strength. There are times when there are too few words left to heal you and no amount of tears will change the bad dream you feel you are in but I know He has you in His arms during g the many difficult days and months ahead.

I know there are no words that can wipe away your tears and not enough hugs to ease the pain of this loss. But I hope you will continue leaning on all those that love you, care and are by your side and continue to hold onto all the millions of precious memories because forever those will remain.

“ To the beautiful Moran family,

I wish there were words to take away your pain of the loss of such a great man because I would sure say them. I know we all have great memories of Carroll and we have to keep those close to our hearts and alive forever. I know there are many stories to be shared! LOL! Or maybe some that shouldn't be! HA! He was a great guy when I first met him many years ago in school and grew into a greater man. He loved hard, helped hard and worked hard. He loved his family and his close friends were his family and you knew you were his friend. I never saw Carroll that he didn't have a smile on his face and a hug to give. He was a great asset to the Community in many ways and was always willing to lend a helping hand in any way needed. He was a very down to earth, fun loving person who loved to have a good time and made sure everyone around him did, too whether it was with his work family, his own family or his friends. He is always going to be missed in so many ways, at so many different places and times. I know there is a good time being had in Heaven! I want you all to know that I am praying for your peace and comfort now and always. Love and hugs to you all.

“ Carroll always wanted to see people succeed. In high school he purchased several of my FFA projects. When I became an ag teacher, he continued to support and advise me in many areas. When I left teaching, he gave me sound business and financial advice which paid off tremendously. Then 2 years ago, he and his family purchased my daughter's 4H project exactly 25 years after he purchased my first project. I have never seen more dedication to giving back to and improving the community than what Carroll and the Moran family have done for decades. Thank you Gail for raising such a great man, teaching him how to serve, and sharing him with us all. Thank you Jacee and Marcey for sharing your Dad with us all for so many years. Carrol loved to tell us stories, but I think my favorite was the story about the albino squirrel. You knew how very much he loved his own dad as he told the story. I hope you find some peace to know his dad was waiting in Heaven to welcome him with open arms. Know that Carroll is looking down on you and will be with you until you have the opportunity to see him again in heaven when he welcomes you home. “ My thoughts and prayers are with the Moran family at this tragic time. Carroll had a special influence on my life. What a life lesson to see a business owner run a business his way and when challenged stick to his word, I'm sure that transcended into his personal life as well. It was an honor to know him and work for him. Being a part of a special team of professionals to help grow the business was one of the main highlights of my career in the bedding industry.

He lead with a steady hand and you knew where you stood - last night I reread some old email communications I had with Carroll and was reminded of the caliber of man he was.

He will be sorely and dearly missed by many.
