“ Dan and I were Observer/controllers at the NTC at Fort Irwin, CA. We became good friends and he and Angie got me through some tough times. We met in Houston later and I visited him when he was the PMS at University of Illinois. Unfortunately, I lost track and lost contact with them. I tried to search but was not successful. Only now, after his passing do I find him. He and Angie are great people and I only wish I could have seen him again. He will never know how much they meant to me. God bless and keep you. Butch

“ *Michael and I have great memories of Dan and Angie and the kids in Stork Barracks, Germany. Sipping a beer, solving the Army's and the world's problems. Dan always had a positive and laidback outlook. Comfortable in his own skin. Loved his story of cycling with German community and getting a thumbs up from them for riding and talking on his cell phone.*

“ Dan and Angie were the best neighbors in Germany anyone could have had. Dan was a family man who loved community gatherings, and he always had a kind word. I recall him constantly riding his bicycle on the incredible mountains of Bavaria. He was passionate about so many things, but his family was the most important. We will never forget you!
