“ *Paul and Daries Loosier have been a great encouragement to me in my ministry in Corsicana. The first day I came to work, Paul started taking care of me, making sure everything was just right. Each Sunday they were the first to fill their pew, and when I came in, they engaged me. She usually teased me about something I was wearing or some other light hearted thing, and often threatened to whack me with a cane if I didn't straighten up. As her health declined Paul took on more of the role of the caregiver. He continued to bring her to worship. Often she was confused until the singing began, then her face lit up as she praised God. Her faith worked on muscle memory even when her mind struggled with other tasks. That's shows how her faith molded her life from an early age. It carried her through the dark days and will ultimately carry her home. Thank you so much for the memories and care. To Paul, and the rest of the family, I pray for you often and will continue to do so. I love you all.*
