“ *David was a very dear friend to me. He was always there with moral support, emotional support, and brotherly advice through a very difficult time in my life. He went out of his way to help do the right thing even though it meant he had to make personal sacrifices. Thanks to David and his family for welcoming me into their home and their lives. my heart goes out to them. I know through prayer that David's light shines on through his children and grandchildren. He is missed by many but has left many warm memories.*

“ David's faith through this ordeal was such an inspiration to me. We prayed together over the phone several times after his diagnosis. A couple of weeks before his last trip to the hospital, his faith still was strong and he still found a way to make ME feel better about the prognosis. He was and still is a fantastic man. After my David Lee died he called and came by to visit. We continued to talk after that. There were so many things that he wanted to do for Christ. After his diagnosis and the lack of success with treatments, he still wanted to do so much. It was David who inspired me to do more in my own church. Please know that if I cannot get someone to cover me for our VBS classes and make it to the service, the day will be dedicated to David. I know he is in a better place and that makes me smile. We will all see him again.
