“ *David and I were next door neighbors in Candlelite Park in Heath, Texas. We had great times playing mud football, volleyball, and a lot of cards. The best and happiest times were swimming in the lake. I was so happy to reconnect with David a few years ago, and am happy and thankful for the past few years of our renewed friendship. David was a good, kind soul. A gentle soul, he would do anything for his friends and family. I will miss our debates. I love you my friend. RIP DAVID BODINE*

“ Even though I had not seen David in years, I had enjoyed keeping up with him on Facebook. When we were in school he was good friends with friends of mine and they would go hunting with my daddy on the weekends. My daddy enjoyed teaching all of the young men in the community how to hunt. It was his way of investing in them. There were many cold winter nights after the hunts of sitting around the table drinking coffee to warm up before heading home. David was a good man and I am sad to read of his passing. I want the family to know that I am praying for them.

“ When David and I were married in 1982 it was the coldest day of the year and the bridesmaid's had to wear summer gowns. David looked sharp in his dress blues. When it was time to leave his friends posted playboy pictures all over the car, tied a rope around the car so we couldn't get in and when we finally got the doors open the car was filled with newspapers so we couldn't get in. The worst part was that car was Connie. Everyone stood outside freezing to death as all this was happening. I was mad but David laughed through it all.
