“ *I just learned of his passing and I just want to pass on my condolences to the family. I was stationed with Doug at 2d Radio Bn in Camp Lejeune, at Ft. Devens and again in Cuba. He was my career planner at Camp Lejeune and he was the reason I stayed in the Corps for a 21 year career.*

“ *I just wanted to write a few things about my father and how much I miss him.
I am and always have been a daddys girl, I always got so upset when he would have to go out on active duty, I actually got mad at him for leaving me. Well I am not mad at him this time for leaving because he is with the Lord. I was there when he first got diagnosed with the cancer and I was there as he passed away. It has been the hardest thing in life I have ever been through, telling my daddy to go and be in peace with his maker. He is such a loving man and I miss our everyday phone calls, even if they only lasted a minute or two. I still to this day wake up and say I want to call dad. He will be in my heart forever and I love him and miss him more than ever.*

“ Dear Pricilla,

I am very sorry and yet thankful for you at the same time. I know Doug is missed very much and I know you have an empty place in your heart right now, but God wanted Doug home to watch over you, and if you allow God he will fill the void and work miracles in your life. Doug was very important to me, as you know he always asked how was my soldier, and refered to Arron as his GI. I always had and still have a special place in my heart for you and Doug, both. I left a message with Alice before Doug passed, and hope he was able to receive it. I LOVE YOU VERY MUCH! And may God bless your home.
