“ I am so shocked and sorrowed to hear that Dr Hoeschele has died. I always enjoyed working with him at Limestone Medical Center. I first met him when he was working for an agency in the ER before he started working for LMC at staff doctor. He made me feel like a friend than just a nurse caring for his patients at the hospital and in the ER. He bestowed on me the name Chicken Hawk and loved to call me that whenever he could, just to aggravate me, which I really wasn't. This to me was a compliment from him. I'm sorry I didn't keep in touch, it is my loss now.

*My hearts goes out to Jamie and Michele and of course the girls.
RIP Dr Hoeschele,*

“ We are terribly saddened to hear the news of such a great man passing. Michelle, we can not imagine your hurt or sorrow through this difficult time. There are no words to make it different or to make it easier, just know we are here for you and your family. I will never forget meeting him while awaiting the birth of my son. I'm saddened to have not known Dr. Hoeschele long, but am grateful I knew him at all. Our deepest sympathy is with you at this time.

“ *Michelle and Family,*

My heart broke into pieces earlier this morning when I learned of the sudden, unexpected death of Dr. Hoeschele, and I cannot imagine the depth of your sorrow.

I wish I had words to comfort and sustain you in your grief, but I know there are none that will take away any pain you are feeling now. My heart aches for you, Michelle and each of the children.

Although words seem futile now in the midst of your sorrow, they are all I have to give you. Please accept these written words as warm hugs to wrap yourself in, and know that I am holding you and your children in my heart at this sad and difficult time.

*With all my love,

It is so rare to be in the presence of true love, but I saw that with you and Mark. I wish with all my heart that I could say or do anything to ease your sorrow. I offer you my shoulder, my hand to hold if you need it, or just to sit in silence with you. I pray that God gives you Peace in this unimagivable time, and I pray that Dr Mark is at Peace also.

“ *We are VERY saddened to hear the news of his passing. What a caring, concerned man he was. We followed him from G'beck to Ennis without a second thought of distance. We were so blessed to have him the few short years (as our physician) that we did. Most Doctors tend to stop having compassion the longer they practice (God syndrome), and we had finally found one that listened. He will be missed SO much by our family. “ I met Dr. H, Felicia, and 'Little H' at LMC years ago. Worked many long crazy hours with him in the ED there. Learned so much from him. Talked kids, cars, home renovation, among many other things on a regular bases. He loved his kids so much and was a wonderful father, esp to Jamie (aka 'Little H')who was always with him. And I remember when the girls were born. Fast forward, I met Michelle only briefly once but I know that Dr. H loved her and building their home together. In fact, the last time that I saw him was at Home Depot in Corsicana a couple of months a ago and we talked for a while that day. He was happy in his endeavors that day. Can't believe he has left this world so soon. He will be greatly missed as a friend and a healer. See ya again one day Doc.

With a saddened heart,

“ *Lord, Thou Great Physician, I kneel before Thee. Since every good and perfect gift must come from Thee:*

I Pray

Give skill to my hand, clear vision to my mind, kindness and sympathy to my heart. Give me singleness of purpose, strength to lift at least a part of the burden of my suffering fellow men, and a true realization of the rare privilege that is mine. Take from my heart all guile and worldliness, that with the simple faith of a child I may rely on Thee.

Amen

“ *My 3 year-old-son, Bryton, was a patient of Dr. Blair's and Dr. Hoeschele's. We were deeply saddened to hear of his loss. I just wanted to express my gratitude for what a kind and compassionate person Dr. Hoeschele was for my son. Bryton was in the after-hours sick clinic quite a bit this past year, so we got to see Dr. Hoeschele a lot. He would always enter the room quietly, with a smile on his face, and patiently examine my wiggling little boy. He always took the time to stop and talk to Bryton about his cars or toys or preschool, and had such a gentle touch. As a mother, I was very appreciative of a doctor who listened and cared for my son like he was his only patient, not just another patient. Our community lost a great doctor, and I'm sure a good man.
