“ *We extend our deepest sympathy. We attended the same congregation in Oakland, Ca. She was a faithful example of a genuine servant of Jehovah that we hope to see again in the resurrection promise in the New World that God has promised. Our sincerest ALOHA and prayers in behalf of her family. ALOHA & MAHALO.*

“ *I truly enjoyed going out in field service with Sis Pierce. She was a faithful and bold Witness for Jehovah. She spoke with whomever she met because she knew the message of the Kingdom was so important. Serving Jehovah as a regular pioneer was her top priority. She set a fine example as a Christine sister. I will miss her. I look forward to seeing her in the New World.*

“ *Our memories of Ernestine Pierce will never be forgotten, she was a mother, grandmother and friend to us, she was a very strong sister and encouraged us to stay with Jehovah, having hope that death is only temporary. Please except our condolences, knowing that our sadness will remain until Jehovah returns her to us.*

“ My sister Pierce was an inspiration in my spiritual growth. She demonstrated a charm and grace in sharing the good news of God's kingdom to many in our territory. I learned to adapt my presentations to the circumstances of those I met in service. She had a wit that could not be matched. I loved her sense of humor and her gracious and humble hospitality when she would prepare and serve meals to her sisters and brothers in the truth. Just a little while longer and the faithful shall welcome her back to the paradise earth for which she lived and hoped.
