“ I don't know where to begin with Gene, he made my days brighter from the moment I met him. Even when I moved from Pursley, he was on the phone checking on me, he truly made me part of his family.

I was never happier when I sent Gene up to give Margie a big hug and kiss for me, that is when they started courting. (Gene's words not mine)

Since I became too ill to travel, he made it a point to come up and see me here in AR and MO when I was there. Margie and Gene even showed up for my 50th birthday as a surprise. Such a wonderful gift.

If there were room I would tell you about his many jokes he loved to play.

With love and respect for all that were lucky enough to know him. Kenneth you were tops in his book. Margie he fell in love with you, a love that was giving and kind.

I will always relish being one of his girls (as he called me)and will miss his visits and many calls to check on me.

His love made all our lives richer.

*God Bless

“*Brother, as Kenneth called Eugene, was admired by our family for many reasons, including his pleasant outlook on life, always bringing a refreshing smile and laughter each time you saw him which usually was riding shotgun with Kenneth. He will be missed and we extend our sincere condolences to all his family who will be strengthened by fond and wonderful memories of Brother. Our best to his family,
Randy and Jo*

“ Gene was truly loved by me and my family. He was a dear sweet man who would do anything for anybody. Gene & my mom were together for about 13 years and I thank God for the time we had with him. He was a big part of our family and he will be greatly missed. I have so many wonderful memories of him. Gene was always there for us. He was a loving grandfather to my son, neice and nephews. He had a kind and gentle way about him and loved my mom dearly and she loved him. I have no doubt that he's in heaven still watching over us.

My thoughts & prayers go out to all his family. I hope you find comfort in the fact that he's at peace now and no longer suffering.

I would like to thank Kenneth & Anita Murray for all their kindness to my mother and for always being there for Gene. Kenneth, I know Gene loved you dearly and spoke highly of you. You meant alot to him.

Teresa, you mean a lot to my mom and Gene, your friendship and kindness are greatly appreciated. Thank you for being there for her. God Bless you & your family.

God Bless each & everyone....Gene we love you always.

“ *Working with Murray at Contel of Texas for 18 years was a joy. He was always happy (except occasionally). Before the days of computers, Murray was our computer about any work order he inspected or spliced. He could remember every detail of the splices and the location each cable fed. (This may not mean much to most people but to the CONTEL people it was very important.) I can't count the times he brought Blue Bell to the employees in his department on the way in from a job. Murray was a good friend and will be greatly missed. It was my pleasure to have known him.*
