“ Daddy:

I will miss you so much! It is hard to believe I will not be able to call you and hear your voice, to see you or give you a hug. You have taught me so much through life. How to be strong, how to have a strong work ethic, how to believe in treating everyone equally and how to be a loving daughter. You gave me strength through tough times and gave me understanding when I messed up. You never judged me or anyone else as you looked at things as they were; not how they could be or should have been.

Your love for life, sense of humor and your laughter will be missed by all who knew you. I am so glad you passed those traits unto Gene, Billy and me. I will miss your jokes and the way you could tell them with such a straight face. But your laughter daddy, that is something that I will miss more than anything. You laughed with your whole body and eyes.

Gene, Billy and I have been going down memory lane in the past few days. I know you are up in heaven laughing at the stories we've been sharing with each other and others. But more than anything I know you are also sending us your strength to get through this.

You are at peace now daddy and I know you have finally seen your mama, daddy, brothers, sister and your sweet Barbara once again. I am so happy for you now. You have missed them for so long.

Thank you daddy for being you. For loving us. But most of all for being my father.

I love you forever,

Pam

“ Oh sweet Pam, I just heard about your loss. My youngest, Johnny
got married this weekend in Seattle , Washington so I have been
out of state and just got back!! Dad told me about your loss and I
want you to know.. I AM HERE FOR YOU, IF YOU NEED
ANYTHING !!!

AS the days pass and we ALL get older, these things happen and
you NEED your friends. We go back too many years to count, and I
still consider us friends, so I am just a phone call away

Lots of love and prayers and this time will pass.
call me for ANYTHING, ok ?
peace be with him now.. :)

“ *Daddy:*

It has been hard these last 11 days since we had to say our final goodbye. It has been hard not picking up the phone to call you and talk to you. I miss your "I love you too baby" so much. But now I know why God called you home. It would have hurt you so much to have to know that our sweet Mylia passed away on July 5. She is in heaven now with you and Barbara. She will be buried next to you, her "Pop" and she will no longer be in pain. We will miss all of you so, so much!

I love you daddy!

“ Pam, Sending my condolences. I just read about your father and wanted to share just one of a few memories I have of your dad.....I was a little girl running around bare-footed playing in someone else's yard when I stepped on a sharp-barbed catfish headbone. I started to panic and then started screaming because no matter how hard I pulled I could not get it out of my foot. Your dad heard my screams and came running over. First he calmed me down and then he managed to pull that gawd-awful thing out of my foot. I was so scared and he was there to make it all better. I'll never forget it as long as I live.

“ Dear All,
Your Dad was a very special man. His love for you all and your friends gave me great hope and comfort as we were growing up. I will never forget all of the fun and laughter at your house during our childhood. I will be forever grateful to your Mom and Dad for treating me like one of the family. I love you all-God bless! “ Hey Bud, today is 2 months since you passed away. I miss you dearly. Sorry I haven't signed the registry until today, it has just been to hard for me losing you and then not 2 weeks later I lost Mylia. Between the two of you it nearly crushed me, but I know also through you and Mylia both of your strenghts and those strenghts have been carring me through. The days are getting somewhat better, ups and downs, more ups than downs. I agree with Pam, you had to leave us to prepare a place for little Mylia. I tried to care for you as best as I could but I still feel that there was something more that could have been done on my part and for that I am sorry. I Love You Bud, you and Mylia are in my thoughts daily and I watch both of your DVD's often. Take care of Bea, Mylia and little Jacoby. P.S. I bet the fishing up there is right up yours and Mylia's alley.
