“ *I used to sing for Unity Teacher Frances Harlee at her Sunday services in Corsicana. She was - and is - the truest of friends. We stayed in contact on birthdays & Christmas and I always tried to call "my favorite veteran" on Veteran's Day. She once gave me a pearl necklace made from a pearl she almost ate in - I believe it was - Japan. She appreciated my music and my yoga classes. We shared Unity thought and philosophy. I can't find addresses of our friends in Corsicana, so please call me? I am so glad I stopped to see her when I moved out to California 3 years ago. We had a lovely visit at Vickery Towers. Now she knows more about me than I do, with her heavenly perspective. Another angel enters the heavenly realms.*

Love to all who loved her too and love her still,

*Peggy Whitt Braden
