“ *I was sorry to hear of Freddie's passing. He was really a nice guy. I had lost track of him until recently when we connected on Facebook. He will be missed.*

“ *I have many wonderful memories of time spent with Freddy and his family. Some of the best were when we were gathered around a piano singing and Freddy playing anything we asked for. Another great memory for me was when I was about 16, Freddy went out and bought himself a new wardrobe and gave me most of his his old clothes. I thought I was really special just to have Freddy pick me to give the clothes to. And it was some very nice clothes including several suits. I felt like a rich kid. I used to love to ride with Freddy to different church events in his old Thunderbird, too. I think it was a '65 or '66. Beautiful car, and I loved riding in it. Freddy was truly one of the people who influenced the way I grew up, and made me the man I am. Just being around him, he always made me feel special. He will truly be missed and his family is certainly in my prayers.*

“ Bud, I am so sorry to hear of your dad. I still remember him being a really nice man when he would come in Buddies. I didn't personally know him that well, but just wanted to send my condolences. Keep in touch.

“ Fred words cannot express how truly saddened we all are by your passing. The only thing that brings us comfort is knowing you are no longer in pain or struggling. I am glad I was able to see you every day that you were in the hospital, and spend quality time with you. The world lost a wonderful, kind, and caring man Friday evening. I miss seeing you at Maw-Maws for supper, our chats, our funny stories, drinking chocolate and strawberry shakes, your laugh, and most of all your kind words and spirit. I always felt that you understood me and you were always behind me supporting me in all the decisions I made and in everything I did. For the last 11 years you were the only positive male influence that I had in my life especially since I dont have my father around. Thank you for always loving me and Austin from day one, and always being there for us. Words could never express what a positive influence you had on my life and how much I really miss you. Give Aunt Sonda kisses for Maw-Maw and Aunt Knee they miss her terribly as they do you and please continue to watch over them, just as you did when you were here with us, you know how fiesty they can be :) I love you Uncle Fred, thank you for everything. Rest In Peace.
