“ *I met Grady when I worked for NCEC & he needed some power revamped at his property. He also helped me with the water system around the Butler area. He was a super guy & we visited often when I was in that area. Always a smile & ready to help in any way he could. I am sorry to here of his passing & my prayers are with his family.*

“ *Grady was a friend and neighbor and a man of great character. He was extremely hard-working, honest and dependable. He was always available to help or assist in any way that he could, with his knowledge and personal efforts. He made our neighborhood and little community, a special place, one that we were proud to call home, and he will be sorely missed and remembered forever.*
