

Infant Noctis Ren Pagdilao

August 16, 2025 - September 24, 2025

With heavy hearts broken yet filled with love, we announce that sweet, beloved son, grandson, nephew, cherished baby boy, Noctis "Nox" or "Nes" (as what his grandparents called him, which means miracle) Ren Pagdilao was gently carried into the arms of Jesus on September 24, 2025 at 12:45am.

Born on August 16, 2025, Nox entered the world healthy and perfect, a beautiful, special gift to his parents and our family. Though his time on earth was brief, his strength and sweet innocence will always be remembered. His tiny but mighty footprints have left an everlasting mark on the hearts of his family, those who met him and the NICU staff who cared for him.

He is survived by his loving parents, Stephen and Sigrid Pagdilao, paternal grandparents, Stephen and Hedda Pagdilao, maternal grandparents, Yoshio and Susan Maruyama, and a large extended family who loved him so much.

The family wishes to thank the NICU team at Children's Hospital Dallas for their tender care and compassion throughout his journey.

We will have a Celebration of Life for our family and friends to come together and honor Noctis' life, share their love, and find comfort in the hope of seeing him again someday in heaven.

Though his time with us was short and we may never understand why, his presence and purpose was so special. Noctis will forever be our miracle, our angel, and our reminder that love is eternal.

Precious sweet baby "Nes", you were cuddled and carried for only a moment, but you are loved for a lifetime and beyond. You taught us so much, allowed us to experience what true Love really is and showed us the power of prayer in just a short amount of time and because of that, we are eternally grateful for your hie and every single moment we were blessed to have you with us.
