“ *To Jack's family, you are in my thoughts and prayers in this time of great loss and the days ahead of you. Jack was a very special and important part of my life for many years and I treasure the bond that we had and the memories that we made. He always called me baby girl no matter how old I got and it still makes me smile just hearing those words as we shared what would be our last hug. He will always hold a very special place in my heart.*

“ *What moves through us is a silence, a quiet sadness, a longing for one more day, one more word... We may not understand why Jack left this earth so soon, or why he left before we were ready to say good-bye, but little by little, we begin to remember not just that he died, but that he lived and that his life gave us memories too beautiful to forget.*

*For the family, may the love of those around you comfort you and help you through the days ahead.*
