“ *So sadden to learn of the death of our dear brother in Christ; but a comfort to us all that he loved the Lord and gave his life to him. I know that Jimmy was a hard worker, and I had the privilege to see that first hand with him in Russia.*

“ I had the privilege to have James not only as a high school counselor but I also worked with him at Kerens ISD. He showed a great love for every student and would do anything for them. That was the way he was with everything. His actions always showed his love for God. I saw him back in August at Wal-mart and he was so excited to tell me all about his teaching at the college. I was so happy for him. His family is in my prayers during this time.

“ *Mr. Vannoy was a dedicated educator who, during the years I knew him, wore many hats. He expected the best from those who worked with him. More importantly, he expected, and gave, the best of himself to all of us.*

“ In reading the various tributes to Jimmy, it is clear that he had a lasting impact on the lives of many. As the country song says, "its not what you take with you, but what you leave behind". And in that regard he leaves a legacy of accomplishments greater than most, especially for the cause of Christ.

“ Diane --my deepest sympathy to you and your family. I was very surprised and saddened to hear of James' death. Working with James at math camp was always a pleasure. He was a very giving man that loved what he did and loved his family. He was so proud of Silas. I think he would have used him in every slide of the Monster power point if he could have. I know you will have hard times ahead but remember you still have those grandchildren to give all your love to. Stay strong and remember your math friends are always here to help. love shari
