“ *James was truly an awesome man. He was a darling. I took care of him and Joan at the Dr's office. He was always so sweet and Joan too. I did not ever mind a phone call from him. My thoughts and prayers are with your family.*

“ *Jim filled my life with a lot of fun and laughter as a little boy on the baseball field. Jim always filled up a brown bag full of bubble gum for me. Jim always had a nickname for everyone. He made me feel special as a little boy. Jim made me and everyone else laugh. Jim was full of passion for life, people and the game of baseball! If everyone treated people like Jim we would all live in a better place. I can still see Jim's smile and hear his laugh. I thank God for letting Jim be part of my life.*
