“ Hey fam you must have forgotten about me because I need you to know that you are still needed like damn man we still need to talk about "anything" right now... I'm trying to figure shit out and you're not here to walk me through this fire. My smile was lost the day you left and it almost seems like laughing doesn't happen around here anymore. I don't want to have a conversation with anyone else because you just always knew the right things to say or just make me laugh. Lost and broken dude ugh I'm kicking rocks all the time now man. I just miss you gangsta.

“ Dylan you were a friend to SO, so, many. There wasn't one time that you didn't light up a room, or lighten a bad mood. You are and will be greatly missed. The loss of your spirit in this world will leave a void for many that will not be filled. Fly high Dylan.
