“ I remember about when I first met you back in the late 1970's. I was around 7 or 8 years old, and your boys were a little younger than me. My family and I had a lot of good times and good memories over at the Davis household, I tell ya that. I'm still trying to adjust to hearing the sad news. I wish that I could have seen you before you moved on. But one thing I can still see, and that is your handy work, with the fence you put up back in 1989 (25 years ago) at my parents' place. It's still as straight and perfect as the day it was finished. That could not have been accomplished without your brilliant expertise. It's kind of comforting to know that I can think about you every time I look at that fence. And with the many "fences" you made over the years in the hearts and minds of your friends and loved ones, they'll be thinking of you for the rest of their lives. Have a good journey my friend. I'll see you down the road. Prayers for you and yours.

“ Uncle Joel, thank you so much for always accepting us into your family. Without a doubt, you always treated us as one of your own relatives. Bubba keeps asking about you and knows that you are in heaven watching him become a "trong workin' man" and loves the hat you gave him a little while back. Kassadie keeps asking to come see you and knows now that she will one day get to visit with you all day. Thank you for always loving Bryan and my little ones with so much care and attention. We thank you. Thank you for accepting us and always checking on how we were. We love you so much and will see you in heaven one day. Aunt Mary was very blessed to have you in her life and I will always remember how many times she spoke of you being her best friend and how much she enjoyed spending quality time with you. We love you, Uncle Joel.

“ *i would like to extend my deepest sympathies to Joels wife and entire family. He has touched so many peoples hearts, he will be truly missed. I hope the Good Lord holds you all close and may He turn your pain swiftly to sweet memories. Our friendship started off on a very rocky start, I another bartender but when we learned who each of us truly were inside we became friends. I will miss his stories about you Mary and of your family. I hold very high esteem for Joel and it broke my heart to find that he left this world but am very happy for his passage to the Lord because he is such a good man and deserves to be at peace. I will truly miss him my sincere sympathies to friends and family.*

“ Sweet Mary , I pray God holds your hand tight along with your family cause I know without him it will be hard. I loved him dearly he always had sweet things to say and it was a pleasure to be his bartender. I can only hope when I pass I can be his bartender again on the flip side.
