“ Johnny I just wanted to say it was nice to know you, to go to school with you and to consider you a friend. I know it has been years since we last spoke but I will always remember you. I remember how quiet you were. I remember jokes on the fly and a couple of late night adventures when we were teenagers. My prayers for your family at this time. I hope they can find comfort in knowing that you have touched many people in your own special way.

“ My prayers go out to the family. Johnny was such a unique, quite person in school. I lost touch after I graduated high school. I always remember your smile and how I don't ever remember a time you were mad or upset at anyone in school. You got along with everyone. Again, sorry to hear about your passing..

“ To Johnny;
*The gift of a wonderful son , the never ending love of a devoted husband , the epitamy of a father who would give all that you are and all that you have to your children.
Such a soft spoken outward character while possessing an inner strength that a few might not be able to appreciate , but that all admire.
To Family;
Cherish the wonderful memories.That is the one constant that life no matter what it brings,cannot take away*
