“ *John and I were so fortunate to have you as a grandmother. I too, have so many treasured memories of a fun childhood at mema's house. From concocting potions in the kitchen with every spice you had, to building bon fires on the back porch. ...An endless supply of fireworks that we set off probably too close to the house, as well as easter egg hunts, and countless pennies on the train tracks. These are all great memories that I will always have from my time spent with you and I will never forget.*

Thank you for letting us be kids and for being such an treasured presence in our lives. You will always have a special place in my heart.

We Love you and will miss you Mema.
