“ *I was very sorry to hear about Judy but I know she is with God. She was a very special person. I enjoyed working with her at the Miller Brothers hat factory and also enjoyed playing joker with her.*

May God be with you all in anticipation of meeting with her again.

“ *Bobby & Margie - Please accept our sincerest condolences on the loss of your mother. Her life was a blessing to everyone who was fortunate enough to have known her; I particularly recall her compassion towards a 12 year old boy who had lost his father (me). She was truly a wonderful and gracious lady, and we will never forget her.*

“ I had known Mrs. Davidson (Judy) since I was in elementary school with Margie in the early 1950's, from 4th grade thru 12th grade. She was a wonderful and caring mom. After I was grown, I really knew her as a good friend with a wonderful personality. We had so much fun together on a bowling league in the very early 60's. I have thought often of her over the years, even though we did not keep in contact. I know God welcomed her with open arms and she is spreading her wonderful smile and cheer in heaven. Something that we can all look forward to someday and knowing she will be there to welcome us into her loving arms.

“ *Margie and family:*
I just wanted to tell you how sorry I am about your mother. I only met her once out at the lake for a 4th of July party, but I remember she was such a sweet and nice lady. I told Josh yesterday that Kelsey's grandma passed away and the first thing he said was (oh nana passed away and he was real sad) I asked him if Kelsey was close to her and Josh immediately said everyone was close to nana. Our thoughts and prayers are with you and all your family.

“ My nana was probably one of the most special people in my life. I remember when my mother told me we were heading to Corisicana I would just jump in the car in all excitement! We had so many special days at her house... from Easter egg hunts every year, to sitting in buckets with water because we didnt have a swimming pool while we watched all the older kids and adults play baseball, and making it a ritual to watch "Home Alone" every time we were there. I couldnt wait to show my nana the new "in" style of clothing as I got older because she would always crochet something like a scarf or a beanie hat, and the awesome thing was they looked so much better than the name brand things that every one else was wearing! It is very hard going through all of this especially on my birthday (which is tomorrow) but I can trust that nana is now my guardian angel and will always be there in my times of sorrow and need! I can only pray that I will be exactly like her someday and that I will have as many friends that I touch and they look up to me! I love you so so much nana and I hope you are up there playing softball with granddaddy and taffy right now!

“*"She get it from her nana." Nana and I had so many good times together. I remember going to the house and playing with Taffy, drinking the best punch in the world, and sitting in her lap in the recliner (a few months ago). My nana was a saint and I can only pray that I will be like her one day. Everyone says that I am like my nana, the way I always do my hair and makeup and get dressed up just to go to the gas station. I will miss her more than anything but I know that I will see her again one day so until then... I love you and will see you soon. Jinger Shea*

“ *NaNa, was my grandmother by marriage. But she became so much more than that. She was one of the most kindest and loving people I have ever met in my life. She was one of the finest people that ever entered into my life. I will never ever forget her loving heart and her compassion that she had for everyone. If I could only be half of the kind of person that NaNa was, I will be perfectly happy with that. She was a fine, fine lady, that will live on in my heart and my memories forever. And she will be missed by her family each and every day, until we can join her. We love you NaNa for ever..*

“ *My nana was one of the neatest, most unique ladies i've ever known. I have many memories of many times with her, from spending the summertime weeks with her and granddaddy - to shopping trips all over the place. She had so much patience with me, especially when she would try to teach me to crochet and do the crafty things that she loved. I remember her smiling face sitting out in the audience at all of my dance recitals and even most recently at my own recitals that my girls danced in. She always had such a sense of style about her! I don't recall ever seeing nana when she wasn't all dolled up. It was real hard to watch her go through her illness. I'm thankful that my mother and uncle Bobby were able to be there for her right to the end. I appreciate all who have prayed for us and helped us out during this time. Nana is with my granddaddy now and we can all look forward to being together again someday in that "special" place!*

“ *Judy was one of the most gracious and sincere ladies I have ever had the privilege of knowing. She was a loving friend to everyone she came in contact with. She fought her illness with courage and dignity and will be missed by many in Oak Valley for all the kind things she did. I know that her family will have so many wonderful memories to turn to for comfort and her many many dear friends to turn to for support during this difficult time. May God Bless the Family.*
