“ *Jeff,*
Our thoughts and prayers are with you. Your Grandmother was always so warm and welcoming to me. I know she is in a better place now. And never fear, you know she is still going to be watching you. She will be missed.
Jeff, we love you

LM

“ I know she was a very special person to you Jeff, and I know that her pain and suffering is over. She loved you like a son, and I know there will also be a place in your heart where she still lives. Remember all the good times, because that is what she would want you to remember. I do the same about my lost. Love you my Friend.
