“ April

Terry and I will never ever forget your mother's friendliness and the fact that she was always there with a smile... I worked with Kathy at Medical Arts (now Trinity) and she was always kind, and friendly there also.

Our trip to Bossier with her was one of the highlights of knowing her, then finding out you were her daughter (remember at Brookshires you asked us 'that' question?) was yet another highlight.

She loved you and she loved those grandbabies... Please hold that love close to you in the days, weeks, months and years ahead. Know that she is watching over you and her babies guiding you and still loving you

There is a new star in the nighttime sky, and Heaven has a new Angel...

*With Love,
Terry and Glenda*

“ When you work with someone every day, they become more than just co-workers. They become your friends...they become your work family. Kathy was a very special person and she meant a lot to us. She and I were able to share experiences being "band moms" and becoming new grandmothers together. I will miss her big smile and contagious laugh.

April and family, you are in my prayers. You and your children were her world. I hope you can find comfort in knowing that no matter what happens in your life, you were loved unconditionally by a remarkable woman.

Kathy, watch over us and when you see us do something or say something that makes God frown, put in a good word for us. Save us a place, we'll be seeing you again someday.

You were truly the sweetest and most dedicated mother, grandmother, and sister. You will be missed by all that knew you. “ I only got to meet Kathy one time under difficult times but she was an Angel. She helped my sister when she really needed someone and we couldn't be there.

I think this shows the kind of woman she was. The world was a better place with her here and heaven will be a better place with her there.

My heart goes out to her family and I will keep them in my prayers.
