“ *Kim, Lindy and famiy, So very sorry to hear about your dad. He was a very special person. Always so kind and a smile on his face. Just glad to be able to call him a friend. May the Lord be with you at this time and the days ahead.*

“ *We can't remember a time in our lives when we didn't know your dad. He was a very special person. He was our first banker, and then our insurance agent our entire adult life. Kenneth was the same every time you saw him: always smiling, pleasant, and made each and every person feel like he was truly glad to see you. I have never heard anyone say anything but good words about him and that is a great tribute to the life he lived. He truly will be missed.*

“ I still remember when we talked about insurance when I worked a National Lloyds, you were one of my agents. I knew you while I was pregnant and you kept in touch with me even when I left working for National Lloyds. I would send you pictures of my daughter and you would tell me about your grandson. You would also call me all the time on my birthday. You were such a good friend to me and will miss you. God Bless you and your family.

“ I like everyone else in this town have known and loved Mr Logan for many years. And after all these years, I still never called him by his first name. He has always been Mr. Logan. He paid me one of the best compliments I have ever received. When I cooked at the cafe in Frost, back when Doyle first took it over, Mr Logan came in for lunch, I had made I believer chicken fried steak with mashed potatoes, and green beans. Mr. Logan told me " I know these beans came out of a can, but they taste like you picked them from the garden". He was always so very nice to everyone he met. He will be missed by all who knew him. My prayers are with the family in this time of great need. May you all find peace in knowing he is at rest.

“ I loved Kenneth and Ann. They were extra special people to me and my family. Sorry for your lost does not express the sorrow I feel for your family. Kenneth was a bright spot whenever I saw him. Ann has Kenneth with her now and I know they are both happy together with the Lord.

“ Ken was a special friend, big Texas smile and always a friendly wave. I enjoyed many candid conversations with Ken and always appreciated his input; we may not have agreed on all issues but we looked forward to the next chance meeting! My friend is at peace and I will always cherish the conversations and his insight into community history as well as his vision of the future. The streets of this small town has lost a gently man who brought forth an infectious smile to everyone he met., my sincere condolences to family and his close friends.

“ it is hard to imagine a world without kenneth logan... our thoughts and prayers are with you in your loss- actually more "our loss" because your dad was a friend to all he met. he cared about all that were his friends-- he took that seriously. i guess the one comfort that i can think of is that he is with the love of his life again, --one of the most precious women we ever knew--- ann. know that we loved both of them, and you know we are here for you.

“ I worked for a week at our Frost branch more than 10 years ago and I still remember Mr. Logan's smiling face as he walked through the door. He was so kind and truly interested in everyone as a person, I know he will be truly missed. I carried the gold dollar he gave me with me all through college because he said it would bring me good luck and I believe it did!

“ We send our sympathy in your loss of a fine gentleman. We became acquainted not too long after we moved here 4 years ago. We were pleasantly surprised to learn our mutual friendship with Wade Terrell a native of Hubbard. A few years later Lynn Cooper was our mutual friend.

We and many other friends share in great loss.

We trust your faith may be renewed and and soon strengthened.

“ Mr. Logan was a very good man who showed me great kindness from the very first day that we met. I am sad to hear of his passing and wish that I would have known soon enough to attend the funeral. I have not seen Mr. Logan in nearly 10 years, but I have thought of him often and will never forget him. Your family is in my prayers.

“ Kim and Lindy;
I am writing for the Meador sisters. We all respected your dad. We were blessed to have him as one of the good influences during our growing up years. Bob said to tell you Mr. Logan will surely be missed because Frost has lost one of its solid citizens. If you need anything or just want to talk, call me. I can listen as much as I can talk.

“ Kim and Lindy your dad was very special to me, he always had a smile and was always willing to help. He was a good friend to me, not only in good times but bad times as well. He taught me a lot of things and I could always count on his friendship. He was so proud of me when I got my job at TSA and that made me feel proud. If you need anything just let me know, I miss him already and I know how you feel because I lost my dad in May 2010. Sonya.

“ Mr. Kenneth Logan was the first member of the community I met when I came to Frost.
His smiling face, warm personality made you feel welcome.
I love his wit and fun stories. Never did I hear a negative word about anyone or anything.
He was unjudgemental of this newcomer in town which made be feel at home.
We had several good conversations on life, which I cherish and will not forget.
Thank you for being my friend and a wonderful example.

You know that we loved your dad and thought of him as a dear friend. From the first time I met him I knew what a sweet soul he was and am so thankful that God blessed me enough to let our paths cross.

Take care of yourself and find comfort in knowing that Heaven has been waiting for him and that it's not "goodbye" it's "see ya later"!

“Kenneth you were a great man, not many like you who could bring a smile to someone's face just by entering a room. You will be greatly missed. You were one of the most caring individuals I have ever met. My only regret is that my son did not get to know you as I did. The world has lost a truly caring individual and there aren't enough of those around anymore anyway. You will be missed.
