“ *I could see this being very beneficial in today's msreiable job market. This is such a simple idea, yet so innovative. It's surprising that they appear to be the only company in the industry to offer this service. I'd definitely take advantage of this if I wasn't already happily employed.*

“ You were a wonderful and talented man Ken! Robbie was incredibly fortunate to have had you for the sort time that she did. You both complimented each other so much and I am proud to have known you and had you for a friend. Now you can teach the angels how to cook and to make a proper pot of red!
