“ *I did not know Kim well. She called me one day and wanted to buy crochet scarfs I make. A friend of mine and hers had told her about them. She came and we had the nicest visit. Later she called again and asked if I had any scarfs still and I told her yes. She came and I gave her several and she gave me her needles and said she just couldn't do them and wanted me to have them. That was the last time I saw her. She was so friendly and such a sweet person. I'll remember her always as I use her needles. May God bless the family and His loving arms be around you all. Love in Christ, Pam Burns*

“ *Kim was a beautiful and down to earth person, had a big heart and always made ethical decisions. A lady of few words but when she did speak, she spoke from her heart. We could share a lot of great nursing stories together. We will miss you Kim! May the Lord be with your family during the time. Love always Kim Woods.*

AM

I just saw KIM NOTICE. Kim and I went to Travis Elementary and were camp fire girls together. Then I moved to WORTHAM IN 1964. I moved back to CORSICANA after college and worked last the hospital. She of course was an RN . OVER THE YEARS we kept in contact and In opened home health and built HERITAGE OAKS Retirement center. But periodically over the years we would run into each other. She was always respected as a dedicated and excellent nurse. And just so upset that had not learned of her passing. Whenever do saw me she always asked about my mother STELLA but she too is no longer with us. I will be thinking tonight of Kimberly

*From Hospital Days of Old-Kim was smart, caring and willing to help.
Her "can-do" spirit was evident.
