“ My heart aches so much for your family and the thought that you have departed this earth. You will truly be missed by many I know. I enjoyed you a great deal in nursing school and having you as my partner was such a joy. I am so glad to have met you and to have had such a young, intelligent, and very inquisitive young lady in nursing class!! I will never forget you LeLe!!! I will truly miss you indeed! Prayers for your family and your babies especially. May the good LORD be with your family, your three precious babies, loved ones and friends through this difficult and unbelievable time.

Love,

Tina

My prayers go out to your family. I do not know you but I know how devastated I would be if this had happened to my daughter. I can only imagine how your family is grieving. So now you will still be taking care of your babies but just from a different place. They will have their own special Angel.
