“ *We became friends with Linda and Henry several years ago, when we established the Parkinson's support group in Ennis. We would meet once a month at the Bluebonnet Cafe in Ennis Regional Hospital and share our support and love for each of our many members. We had a wonderful group and Linda and Henry were a huge part of that love and support. When COVID came about, we no longer could gather together anymore and thus lost that close contact with each other. We lost several members since that time, but memories of those times are held with affection in our hearts. Our deepest sympathy for your whole family. Peace and comfort be with you.*

“ *My prayers go out to Lindas family. She was my supervisor for 16 years at Liberty Mutual and became a friend. I know she will be missed by so many but knowing that she is now back with Henry watching over the family they love is wonderful.*
