“ I first met Linda & Danny when I was a teenager & Robert & Kim we're just babies. Few years later my family moved out in the country but every once in a while I would run into Linda since I was at the age of driving. We would always talk about her kids growing up and the same ole' stuff people always do. I went off to college... got married...moved to Galveston....moved back...ran into Linda again at the tanning booth. Lucky me! We talked and talked forever! After a while I quit going to the tanning booth so our visits also came to an end. I can't remember if that was before Withrow's Furniture or after. But Linda was someone you felt like you could always pick up where you left off. I hadn't seen her in a few years and that breaks my heart that life just gets to busy 😭,but I know we will all be together again one day talking & carrying on like we use too!
