“ Ricky,  
You and your family are in our prayers as you go through this journey. Louise touched many lives as she did mine. I will never forget your Mom and the trust she placed in me. We worked together for years. She was one of the best. I owe much of my success to the training I received from your Mom. She and I were a great team when it came time to find a vein in a newborn. I will always think of Louise as a part of my life. My deepest regards and sympathy,

Your Friend

“ Dear Prince Family,  
It's with a heavy heart I write to you knowing that in a few minutes you'll begin the celebration of Aunt Louise's life. I fondly remember her in her lab coat coming from work to Granny and Pa's for dinner. I remember how meticulously decorated your home was for Christmas with all the carolers. I laugh when I think back to the dishwasher that had yet to be used because she and Uncle Elbert always went out to eat in retirement! These memories and others are forever with me. Know that we're praying for you during this time.  
Love,  
Patricia and family
