“ Margarito wasn't my biological father, but he showed me love just like he did to any of his children or grandchildren. So much so that I grew up calling him Papi too. I'll be forever grateful for the way he made me feel a part of his family.

“ The story behind the picture my dad was laughing hard. I wanted professional pictures with my dad. We took several but the one with him laughing so hard makes me smile and laugh. The photographer wanted us to skip towards her, but my dad did not know how to skip at first. So, I started to teach him once he got it down, he started yelling. I know how to skip and started laughing so hard that made me laugh. He smiled the whole time after that picture he kept telling me I know how to skip, and that made me laugh more. My dad was a happy man. I want to remember him like this laughing and being silly. I love you papi.
