“ Mary and I were good friends during our high school years. She made me laugh a lot and we all ways got in trouble for giggling in class. One of my fondest memories was our senior year when we would ride around and listen to the Beatles music and sing along with it. We also went to several school functions together along with other girlfriends. Mary was kind to everyone and all ways had a smile on her face. After our graduation, we all went our separate ways and I wasn't reunited with her until our 2005 CHS Class Reunion. It was great seeing her walk through the door. We hung out for the remainder of the week-end and she spent a lot of time with our other girlfriends at the hotel. It is much regret that I lost track of her after that night...although I tried to locate her and so did other high school friends. I will miss her but know she is with God and well again. To all her family , my deepest sympathy goes out to you and I pray for God's strength and comfort to you during this difficult time.

“ We were good friends in high school and always had such fun together. After each of us married and had kids, we lived close together and continued our friendship as couples. Mary could always make you laugh! Sadly, we lost track of them after they moved away from us. We send thoughts and prayers and sincere sympathy to her family at this time.
