“ *Interesting reading dead letter and something that I witness daily. With regards to the closing para it would be of interest to note that there does exist a body which regulates the Fiduciary Industry and I have supplied the website details for you. This however is limited to member regulation and not all practitioners. There exist a public page where people can lodge complaints against non-members and we make every effort to intervene or provide the necessary guidance.*

“ *I have many memories of Aunt Sue. From she, Lou, Linda or Pat fixing my hair and taking me for a coke at the Dairy Queen or the A&W in Pauls Valley to seeing her in uniform. (I know how to fold corners on sheets today because of her). You are in my thoughts and prayers as we remember Sue.*
