“ *My heartfelt condolences to the family of Staff Sergeant Michael McClean, the epitome of a Soldier and a family man. I knew him when he was a young Soldier at Fort Hood, Texas. We served many years together with multiple deployments to Iraq. I watched him develop into an awesome leader and a quiet professional. He was by far one of the most competent tank mechanics I have ever known. I never saw him get upset and he always had a smile and a positive outlook on life. He was very well respected by his Soldiers, peers, and superiors. I could always count on him to fix my tank. He will be sorely missed. Until we meet again brother.*

“ *Michael was a gift from God for his dad and me. I am thankful for every moment I had with him, he brought so much joy into our lives. There will be a big loss in our lives without him. I know he is starting a new life with the Lord and his father and many family members, I look forward to the day I can't join them.*
