I met Nathan in 1980! He was a neighbor of ours in north Dallas, him and Rory were always so cool to me, I was a 13 year old kid, they let me clean their cars for extra money and Vic was a super cool guy to! I always wanted to meet back up with Nathan to let him know I did realize my dream of becoming a sound engineer! RIP Nathan.

“ *Nathan came to visit my 8 year old in the hospital after John lost his leg trying to get a ride on a moving freight train in 1989. He gave us all hope, and provided John with several prostheses during his growing years, accepting our insurance as full payment. Nathan is a remembered hero in my family.*

“ I am so grateful I was able to meet this amazing man. He gave me words of wisdom and showed me love and compassion. I respect this man so much I named my son after him. I wish life would have brought us together one last time before this happened. I am sad but he will always be by my side saying I can do it. I made it through Military School, Fire Academy and other challenges in my life to better myself because of him believing in me. Christine I am so sorry for your loss and thank you for everything I have never forgot how much of an impact you guys were in my life.

“ The name Nathan means "A Gift From God" and our Nathan was truly a gift from God.

I had the privilage and honor to spend the last 35 years with my bestfriend and soul mate. He over came so many of the opstacles that life threw his way. He was the strongest man I've ever known. The best husband, father and grandfather "Paw" to his grandkids anyone could ask or wish for.

He spent his life giving people respect, compassion and dignity. That being said, I'm sure many of you will agree that Nate had no problem going "old school " asking anyone who had issuses with him, "if they wanted to take it to the front yard and settle it". But once it was done, he'd give you the shirt off his back and the money in his pocket if that is what you needed. He never turned his back on anyone he thought he could help.

Everyone he met, he left a little piece of himself with them, always hoping their lives would be better because of him. Now that he is no longer here in the physical form, we can only hope that the lives he touched will contiune to show other people the same kind of respect, compassion and dignity that he gave them.

His physical body may be gone from this earth, but his spirit will live on forever through each and everyone of us. We've truly been blesses to have had Nathan in our lives.

He is at peace now and no longer in pain. He started his spiritual journey with his grandfather "Paw" at his side and I know Nathan will be there for me when my spiritual journey begins.

My heart and soul will always belong to my wonderful husband Nathan.

You will truly be missed each and everyday.

Hugs and kisses to you, my love

Till we meet again,

Always and forever,

*Your loving wife,
Christine*

We were so very sorry to hear of Nathan's passing. He was a very special and caring man and will certainly be missed by many. He treated my husband Bob and always had a solution to his problems with his artificial leg. His sons, wife Christine and office staff are so understanding and helpful. We are so sorry he is gone and will surely miss him. Our thoughts and prayers will be with you all.

*To the whole family,
Nathan and Chris and the whole family took Denise and me too in as part of their family early on. Whenever Denise went to have something done, I always knew she was in good hands. You all helped us so much, and took such pride in what you did. You have a great family, and I know your emotions are so raw right now. I know God is with you all, and I pray you feel His comfort in this most difficult time! Love you guys!*
